

Questionnaire - First contact to packaging manufacturers

The questionnaires available as downloads are supporting the collection of information for first contact to a packaging manufacturer new to the requesting company. These questionnaires are consisting of two parts. The first part is a general section, designed identically for all packaging types, which is asking for general parameters and key data of the manufacturer. The second parts are all formulated specifically per packaging types and are referring to the production ranges/portfolios of each manufacturer. Both parts are made for electronic processing on PC. In the last line the manufacturer should definitely name a contact person in order to facilitate clarifications in case of follow-up questions.

Outline:
